Mr. E. P. Lovejoy, a large dealer in general merchandise, and editor of the Wabuska Mangler, at Wabuska, Nevada says: "I have tried St. Patrick's Pills and can truthfully say they are the best I have ever taken or known used." As a pleasant physic or for disorders of the liver they will always give perfect satisfaction. For sale by G. C. Thaxter.

Change is one of the irresistible laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick's Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and prevent ague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Geo. C. Thaxter.

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.

Chauncy Crew Sarcastic.

Chauncy Depew can be sarcastic as well as amiable on occasions. Once, and not very long ago, he was visited by a committee from the gilded youth of New York, in pursuit of their hobby to have a few English compartment cars on Eastern railways. They stated their case to the New York Central President with a drawl and accent entirely foreign.

"I tell you what I'll do," said Mr. Depew, shortly. "I will agree to put on the English cars if you will agree to talk the English language."

Death of Alex Young.

At a few few minutes before 7 o'clock yesterday morning Alexander Young, an old resident of Carson, who for the past three years has been a helpless invalid from paralysis, ceased to breathe. Deceased was a native of New York State and nearly 52 years and 7 months old. He leaves an affectionate step-daughter and a young son, Harry, to mourn his loss. He was a member of the Masonic Order. The funeral will take place from the Masonic Hall at 2:30 o'clock this afternoon.

Will Make Things Lively.

Senator Hearst said, in San Francisco the other day: "When the Blithe estate property has been settled, so that a title can be given to the Market street property. I propose to buy it and put up a building so high that I can stand on the dome and throw a string down to Mike de Young as he stands on the tower of the Chronicle building."

Reno's Water Company.

Senator John P. Jones and Hon. Evan Williams, it is said, have put \$70,000 into the Reno Gas and Water Company recently. The Company is now composed of Senator Jones, W. O. H. Martin, W. J. Westerfield, Evan Williams, Lou Hamilton, M. D. Foley and C. C. Fowning.

The Indians at Winnemucca are advancing rapidly toward civilization, says the Silver State. They get howling drunk, and when questioned as to where they get whisky say at Battle Mountain, which is in another county. Drunken Indians here say they get their whisky at Palisade, in Eureka county. Mr. Lo. is cunning.

If it can be proven that a Clan-na-Gael lodge condemned Dr. Cronin to death, and his death followed as a sequence to the action of the lodge, every member of the lodge who sanctioned the assassination by his vote, ought to be hung with the men who actually committed the deed.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist

DON'T UNDERSTAND IT.

The Record-Union Takes Issue with Our Phonograph.

The Record-Union does not believe that the phonograph can be successfully used in type setting. It argues that the machine will speak 120 words a minute, that no compositor can set as fast as that, and that the machine has to be stopped in order that the compositor can catch up.

The Record Union has not experimented with the wonderful machine, else it would not advance these arguments.

All new inventions are met with opposition by people who love to run in old ruts. The compositor who tried it found no difficulty in setting the type from sound, and is confident that he can set faster from the phonograph than from manuscript.

It is no trouble to stop and start the machine. As a matter of fact the machine does not stop at all; the cylinder keeps revolving when the talking portion of it is lifted by the touch of a lever away from the wax cylinder.

Before long the newspaper offices of the country will be filled with phonographs, and the Record-Union will have to fall in line with the rest.

From the Shoulder.

Several of our esteemed contemporaries (says the San Francisco Report) have commented with more or less effectiveness upon the strange contrast formed by the two processions in this city recently—one of white workingmen and the other of Chinese. But we do not see that any one of them asks where the money came from that paid for the Chinese procession. It did not come from Nob Hill or from the mansions of the Western Addition. The residents of our aristocratic quarters do not have their washing done by coolies, wear cheap shoes, buy ready made clothes, or \$25 suits, smoke five cent cigars and cigarettes, invest in carpet slippers, \$1 50 shirts, ten cent collars, two bit neckties, or in jumpers, overalls, blue flannel shirts, etc., etc. In other words, they do not keep Chinatown running—pay its rents, buy its meals and put up for its processions. The white workingmen of the city do that.

Presidential Chaff.

CHICAGO, Oct. 25.—J. Russell Parsons is one of the wealthiest and foremost Democrats in New York State. Governor Hill and ex-President Cleveland are his intimate friends. In a political talk at a hotel last evening he said: "I am sure Governor Hill will be our next candidate for President."

"Hill and Cleveland are called possibilities for 1892," suggested the reporter.

"Well, Cleveland will not enter in the contest. He has told me so in an emphatic statement. He will do all in his power to assist Gov. Hill when the proper time arrives. Cleveland has settled down to his law practice for good, and you can rest assured that his name will not be on our ticket in 1892."

He Knows Where to Go
